

With All Of Heaven

God of every nation
Faithful through the ages
All glory unto You
Reigning over all things
With mercies never changing
Who can compare to You

Chorus 1

With all of heaven we cry holy
To the only one worthy
There's no one like You Lord
With all of heaven we cry holy
To the only one worthy
There's no one like You Lord
There's no one like You Lord

Jesus Savior of all
You bore the weight of the fall
You are the God who saves
Your perfect love paid the cost
The victory of the cross
You are the God we praise

Chorus 2

With all of heaven we cry holy
To the only one worthy
There's no one like You Lord
What other Savior would use His freedom
To pay a ransom
We never could afford
There's no one like You Lord
